Recommendation Tips:

A *great recommendation* will create SALES SUCCESS AND HELP YOU WIN GIFT CARDS! Using the following tips will make your recommendations more effective AND increase your sales!

Tip 1 – Adapt Recommendation

- Each recommendation should be specific to patient needs. Adapt your recommendation to focus on a specific application of Aquegel that your patient can benefit from.

Tip 2 – Tangible Recommendation

- Hand a jar of Aquegel to your patient while you are discussing the product. Allowing them to smell and/or try the product on their hands will build value.

Tip 3 – Personal Recommendation

- Tell patients how YOU use Aquegel.

Tip 4 – Ask for Sale

- Simply asking a patient if they would like to try a jar will increase sales! Utilizing INTRODUCTION DISCOUNTS can help make sales if necessary.
